## EXPLANATORY.

THIS little work is got up especially for the benefit of strangers ; and to them and the business men of Montreal it is offered in the hope that it will be found both interesting and useful. With this book the greatest stranger can find his way to any business house without asking questions of anyone.

The design is an entirely original one, and is probably not yet fully developed. It has been the result of much thought and labor ; and although no pains have been spared to make it perfectly accurate, it may be that errors have crept in ; yet I flatter myself these will be found neither numerous nor important.

A few words of explanation will perhaps be necessary.

Only the *principal business streets* are represented, and in some cases the whole street is not shown, as for instance St. Paul is commenced at No. 100, and Notre Dame at 109. The eastern portions of these streets, beyond these numbers, contain few and scattered stores, doing a small retail trade.

Each street commences at the *bottom* of the page and proceeds up.

The *direction* in which the street runs is marked East. West, &c.,—of course owing to the method of laying out the streets of Montreal these terms (North, &c.) are only an approximation to the truth.

The *figures* on the sides of each street correspond with those that are to be found on the buildings. In many cases they are omitted because many of the houses are not numbered.

It is to be especially remembered that the *size* of the lots is not intended to give any idea as to their relative proportions.

Where no name appears the lot or building is unoccupied.

By referring to page 52 the reader will perceive that it differs from other pages, containing as it does information in reference to the *number of stories* each building is high, and also designating whether it is of *wood, brick or stone*. In future editions this feature will be more fully developed.

# ELLIOT'S DENTIFRICE,

(BY PROVINCIAL LETTERS PATENT.)

## FOR PRESERVING & CLEANSING THE TEETH.

The sole Proprietors of Elliot's Dentifrice are S. J. Lyman & Co., Montreal.

This Powder, composed of the MOST INNOCENT AROMATIC SUBSTANCES, is made from the original receipt of Dr. ELLIOT, formerly of Montreal, and is the result of many years of experience and observation, acquired in a large dental practice.

The use of this Dentifrice for many years has been confined to his own patients; but, at the repeated solicitations of his friends, he has now placed the receipt in the hands of the subscribers, who alone are authorized to prepare the same. It has for its principal object the PRESERVATION OF THE TEETH AND GUMS in a perfect state of health. IT REMOVES TARTAR AND PREVENTS THE TEETH FROM BECOMING DISCOLORED AND LOOSE. It removes the odour of the cigar, and unpleasant taste remaining after fever. It IMPARTS FRAGRANCE to the breath and renders Artificial Teeth SWEET AND CLEAN.

*From the Rev. Dr. Adamson, Chaplain to the Hon Legislative Council, &c.*

TORONTO, July 21st, 1856.

GENTLEMEN:—Having used Elliot's Dentifrice for some time, I can confidently recommend it as well calculated to cleanse and preserve the teeth and impart health and consistency to the gums. I am, dear Sir, faithfully yours.

W. AGAR ADAMSON, D.C.L.

*Du Reverendissime l'Eveque de Cydonia, et Coadjuteur de Montreal.*

MONTREAL, 3rd Nov., 1855.

Cette excellente poudre m'est connue par mon expérience personnelle, depuis plusieurs années. Je la trouve éminemment, propre à produire l'effet désiré, sans faire craindre pour les dents ou pour les gencives, les inconvénients causés par ces poudres, ou il entre des ingrédients corrosifs.

Dans l'occasion je me ferai un plaisir de la recommander. Avec considération, Messieurs, votre reconnaissant serviteur,

† JOSEPH, EVEQUE DE CYDONIA.
